# PRESCHOOL SELF-HELP CHECKLIST

Help your kiddo come prepared for school by working on these self-help skills:

- Pack lunches and lunch boxes that your child can open and close on their own (tip: if packing food that is pre-packaged, make a small slit at the top of the package and your child can then rip open from there).
- Pack lunches that your child can self-feed
- Practice taking lunch and water bottles out of their backpack so when they get to class they can easily access these items and put them where they belong
- Have your child help clean up their area whether it be after lunch or after lots of fun play time
- Practice hand washing and hygiene for after toilet use (we will always be there to assist when needed but will encourage them to do it on their own)
